DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicants' representative, Mr. Bryan DeMatteo (Reg. No. 51,608) on Dec. 22, 2004.

The application has been amended as follows:

- a) In claim 1, last line changing "an integral" to --a single integral--,
- b) In claim 13, line 8, changing "an integral" to --a single integral--.

Allowable Subject Matter

2. Claims 1-19 are allowed over the prior art.

3. The following is an examiner's statement of reasons for allowance: regarding claims 1 and 13, the primary reason for the allowance of the claim is due to the amending claim that discloses a resilient spring section, a first plunger section, and a first stopper are formed as a single integral, unitary structure. Since claims 2-8 and claims 10-12 depend from claim 1 and claims 14-19 depend from claim 13, they also have allowable subject matter.

Regarding claim 9, the reason for the allowance of the claim was presented in the Office Action mailed on August 12, 2004.
